Found guilty as charged and sentenced to one year's penal servitude, were the verdicts successively handed out yesterday by a jury and Circuit Judge Robinson to Cha Hoon, accused of assault and battery on the person of Ilue Choy on the night of Jan. 6.

Rawley's Ice Cream Cafeteria will open tomorrow afternoon at 1 o'clock in the Harrison building, Fort street near Beretania. To introduce themselves they will serve ice cream free between the hours of 1 and 3 o'clock. They handle all kinds of farm products.

Mr. and Mrs. Harold W. Rice are expected back from their European trip on the coming Wilhelmina. They will probably be able to get the Klugea for Maui that evening, so as to be here for Christmas. They have had a most delightful trip throughout the States and in Europe.

Circuit Judge H. E. Cooper has granted the motion of the Honolulu Amusement Company for a new trial in the suit brought against that concern by Zara Clinton and Harry Claire, for \$250 alleged to be due them on contract. This is an old suit that developed in November, 1911, when the two plaintiffs, a vaudeville team brought here from the Coast, were released by the amusement company on the ground that Miss Clinton, refused to rehearse in obedience to the manager's demands. The court's original decision was in the plaintiffs' favor.

Rev. D. W. K. White, pastor of the Waihee church, Lahaina, resigned a few Sundays ago, his resignation to take effect January 1. Mr. White has been pastor of the Lahaina church for about eight years. During his time of service he superintended the repairs of the handsome parish house, Hale Aloha, and erected the commodious church at Kaunakakai and the church building at Honokohau. By trade a carpenter he left that calling at Lanai to become pastor of the Waihee church. While serving as a minister he has been also superintending the erection of many buildings in Lahaina, and for a time was the carpenter of the Pioneer Mill Company.

At a meeting of the church held recently his resignation was unanimously accepted. Rev. Sam Kapu of Lahaina, was the chairman of the meeting that accepted the resignation.

When much machine work is to be done, fill several shuttles with cotton finer than that used on top. An ordinary shuttle will hold a great deal of fine cotton and you will not be annoyed by having to stop and wind a bobbin when you are right in the midst of a long seam or a difficult bit of work.—Kansas City Star.

## RECORD YEAR FOR JORDAN'S

A handsomer front in display of goods is not seen this year than that of E. W. Jordan & Co., Fort Street, and there is just as fine a display in behind. For a metropolitan aspect this dry goods emporium is not surpassed in Honolulu.

"Business the whole year has been satisfactory," said George B. Curtis, manager of Jordan's this morning. "We are on a par each day so far with last year for the month. And if we have as big a business this month as we had in December, 1911, we will be satisfied. That was the biggest month we ever had in our business. Business in general this year has been the most prosperous we have ever had. Before November was over our figures were ahead of the whole year 1911."

"The summer trade this year has been particularly good—exceptional in fact. I am glad to know that this is the same story that is being told by all firms that are alive in looking after trade. We are carrying more merchandise than we ever did before, and are pleased with the results. The only trouble is we are crowded for room. A whole lot of holiday goods billed to arrive the first of November was not received until last week, but I don't believe there will be much left over on account of late delivery. Our ready-to-wear and millinery business is double what it was a year ago."

## Y. M. C. A. GIVES LAUNCH PARTY TO NAVY STATION

The Y. M. C. A. is going to pull off another launch trip to Pearl Harbor and the dry dock next Thursday. This time 40 McKinley High School and Central Grammar School boys are going to make the trip.

The boys will first go to the dry dock to watch the submarine carpenters do their deep water stunts. Last week the boys were specially interested in this part of the trip. One deep sea diver took a hammer down with him, the other a saw. When they came up the boys asked them how they split on their hands when they were working. If they put oil on the saw, and a dozen other questions, that were of interest to these future engineers and contractors. At the dry dock they will be the guest of "Dry Dock" Smith, who is an expert at answering small boy questions.

The boys bring their own lunches and the Y. M. C. A. furnishes a tub of soda pop.

The edges of fur are seen even on the chiffon blouses. Ermine is a favorite for this use.

AT AUCTION

We will sell at public auction the property known as

Town Residence of the late James Campbell

Emma Street,

On Saturday,

December 21, 1912

2:00 P.M.

## TAFT PLANS LECTURE TOUR OF WORLD

WASHINGTON, December 12.—President Taft has decided to go to Augusta, Ga., when he goes out of office March 4th next, to spend several months upon the golf course there. He will spend the summer somewhere in New England, but has not selected his summer residence. In the early fall he will go to California for a few months, and will return to New Haven

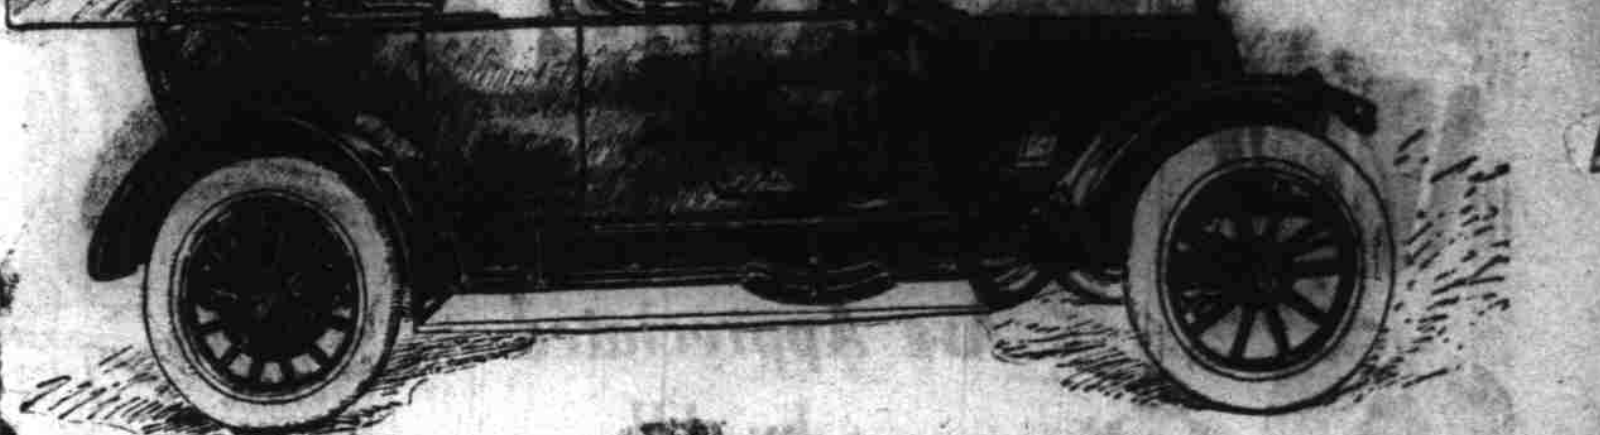

at the opening of the university year at Yale to lecture upon constitutional and international law. He will probably remain at Yale city one year, however, and may make a trip around the world in 1914 lecturing in the principal capitals of Europe on international peace.

PERFECTLY SAFE. Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotic.

The best way to finish off a machine seam is to turn the material and stitch back for an inch. This does away with the necessity of tying the thread, which, if forgotten, often causes trouble in the finished article.

## The New HUDSON "37" Touring Car--5 Passenger

Furnished Complete—No Extras to buy

## Beware of the Car Made for Trading

Get a fair price for your old car. But don't demand anything unreasonable or you will pay for it in unsatisfactory quality and poor service in the new car.

If you are trading your old automobile in on a new one, here is a caution you should observe. There are cars toward the purchase of which a larger price will be allowed for your present automobile than you can obtain in buying a more desirable automobile.

It is better to decide upon which car you will prefer. Satisfy yourself that it is the best buy at a CASH price, and that it is the one you would choose if you were paying cash. Then if you are selling your old car, obtain the best bargain possible.

But do not accept merely for the sake of a change in cars, an automobile that you do not consider advisable at a cash price. HUDSONS are not made to trade.

HUDSON automobiles "second-hand" command a higher price proportionate to their original cost than those of any other make in the medium price class.

They are not sold to the dealer at a large discount, thus permitting him to make an extra allowance for old cars. No more profit on the HUDSON is allowed than that given on most automobiles at similar price.

The quality of the car is to be depended upon to make the sale, not the inducement of price. That is why 48 engineers are regularly employed by the Hudson Motor Car Company in designing HUDSON automobiles.

The HUDSON shows what all these men working in unison know. They gained their knowledge of motor car building in 37 well-known American and European factories. They had a hand in building more than 200,000 cars. No restrictions were put upon them in building the New HUDSONS. The highest quality was sought for and obtained. Price was not fixed.

## Electric Self-Cranking---Electrically Lighted

THEY ARE COMPLETELY EQUIPPED. They are electric self-cranking, are electric lighted and have every detail of equipment including speedometer, clock, demountable rims, rain vision windshield, tools, etc.

There are two models, HUDSON cars are furnished in two chassis—the "37," a four-cylinder, and the "54," a six.

The equipment is identical in other cars, consisting of an electric cranking device, electric lighting generator and ignition system, known as the Delco Patented.

The equipment is complete in every respect including top, rain vision windshield, demountable rims, speedometer, clock, tools, etc.

The "37" has a 118-inch wheel base. The "54" has a 127-inch wheel base.

They are furnished in either Five-Passenger Touring Car, Torpedo or Roadster body. The "37" sells at \$1875—the "54" at \$2450, f. o. b. Detroit.

The "54" with Seven Passenger body is \$2600.

See the Triangle on the Radiator.
